

MAKE THE SMART MOVE

SCMProFit provides single window visibility to distributors on inventory level maintained at each distribution center. Now, distributors can eliminate redundant warehouse processes and improve their ability to provide customers as per the requirement.

Our platform provides tools for setting up customized alerts and exceptions that helps in proactively manage operations. The cost analysis provides a tool to calculate the landed cost and improve profitability.

EXPANDING HORIZONS

- ✓ Manage Global Distribution Channel
- ✓ Inventory Visibility Across Channel
- ✓ Delivery & Tracking
- ✓ Integrated Brand Owner/Shipper Inventory
- ✓ RFID & Barcoding
- ✓ Connectivity To Brand Owner ERP
